4th EuPA MEETING
6th ProCura MEETING

2010
PROTEOMICS
ODYSSEY
TOWARDS NEXT DECADES

Sponsorship Opportunities EuPA 2010, Estoril, Portugal

23-27 October 2010

In the last decades, Proteomics has evolved from the routine identification of proteins to its structural and functional characterization. As a technology driven area, the interplay between the problems faced by the scientific community and the industry that creates the research platforms and proteomics tools is crucial to the mutual benefits and the success of both endeavors.

Although the future cannot be foreseen, the shape of things to come can be projected in the present. This is the main goal of the EuPA 2010 meeting that will bring together researchers and manufacturers at the forefront of proteomics science and technology.

The organizing committee wishes to invite you, as a leading manufacturer and development company, to join your efforts with us, by participating as sponsor in the EuPA 2010 meeting. Several sponsorship opportunities are possible and we are sure we will find together one that fits your profile.

Five centuries ago, the age of discoveries begin in Portugal, revealing new worlds to the world. Now, it is time to set sail again for a new journey of proteomic discoveries. Be part of this adventure!

The organizing committee

4500 Euros

Other opportunities of sponsorship to increase your company visibility

- (A) **Sponsoring a speaker:** Your company logo will appear next to the speakers name in the conference programme and will be always present before the session. (€1500 to sponsor a speaker coming from Europe and €2250 to sponsor a speaker from outside Europe). Would you decide for this option we will send you a list of speakers who are not being sponsored by other companies already or we can discuss your own suggestions according to the programme requirements;
- (B) **Sponsor Travel Grants for students:** Your Company will be acknowledged for providing student grants in the conference programme. Grants will be awarded in a competitive basis as evaluated by the organizing committee together with the sponsor. By providing a student grant you will make it possible for a promising student to participate in the conference, an experience which will prove highly valuable for their career. €750 per student (minimum sponsorship will be 3 student grants);
- (C) **Sponsor the EuPA Young Investigator Award** (PhD Students and Early Post-Docs). (€1000 total cost) - €500 directly to the Award Winner and €500 for the sponsorship of the session where your company will be fully acknowledged with the logo during the session and on the conference programme book;
- (D) **Sponsor the Welcome Cocktail Ceremony** (Price upon request – Only one opportunity available);
- (E) **Advertisement in the Programme book**, Full page, excluding cover pages (€1000), Half-Page (€500);
- (F) **Distribution of your leaflets** in the participant bag or distribution of leaflets via the registration desk (€500);
- (G) **Distribution of your approved materials**, gifts (e.g. USB memory sticks provided by you with your info) **in the participant bag** (€500);
- (H) **Banner** on Congress Website, from November 2009 to December 2010 (€750);
- (I) **Logo/link** on Congress Website, from November 2009 to December 2010 (€500);
- (J) **One insert in the congress bags** (price variable according to size – available upon request);
- (K) **Gifts in Congress bags** (on request)
- (L) **Special Gifts to invited speakers** in the name of the sponsorship (on request)
- (M) **Vendor seminar** (Price upon request – Limited availability);
- (N) **Pre-Congress Courses** (Price upon request);
- (O) **Coffee Breaks** (Price upon request);
- (P) **Poster Sessions** (Price upon request).
- (Q) **USB memory stick for abstracts** (on request)

Exhibition stand + 1 Congress delegate fee (From €1000)

At the conference there will be an exhibition area with space for vendor stands. Price will be calculated according to your needs, starting at €1000 (4m² exhibition area), and depending on:

- How many square meters each stand would be?
- Whether it will need furniture provided by us?
- The electricity needs (how many sockets and the availability)?
- Network and internet access?

Such a stand would be right at the entrance to the conference room and hence an ideal place for interaction with the participants.

If you would be interested in such a stand, please let us know what kind of a stand you have in mind, so we can see if we can fit it in and calculate a rate.
